

Our focus is on helping real estate clients create, grow and preserve wealth.

We Specialize in Real Estate Services

At DS&B, we have expertise in the business of real estate, for owners, managers, developers and contractors. We have up-to-date knowledge on industry trends and capabilities that will provide *greater value for you* when relying on our services.

Those dealing in real estate commonly deal with complex issues and situations. Common issues faced by the real estate community are:

- Bonding & Financing
- Financial Reporting
- Tax Planning
- Tax Compliance
- Maximizing Cash Flows & Profits

DS&B's team of experienced professionals understands these issues. Our real estate services are designed to help identify and resolve some of the issues you face during acquisition, development, construction, management and disposition of properties. By applying our real estate knowledge we are positioned to help you construct a solid foundation and achieve your goals.

Our Real Estate Services include:

- Audit and Other Assurance Services
- Tax Planning and Preparation
- General Accounting
- Fixed Asset & Depreciation Maintenance
- Mergers and Acquisitions
- Purchase Price Allocations
- Cash Flow Analysis
- Succession Planning

Certified Public Accountants,
Consultants & Advisors

Our real estate clients benefit from our unique blend of partner involvement, high-touch interaction and an intimate knowledge of their day-to-day business operations.

Our Business Advisory & Consulting Services include:

- Acquisitions and Growth Planning
- Benchmarking
- Business Plan Development
- Finance Planning and Related Assistance
- Business Valuations
- Litigation Consulting
- Operational, Procedural and Internal Control Review

DS&B audit, tax, business advisory and consulting professionals focus on serving the real estate industry. We do that by combining practical experience with industry specific education and training. In addition, we have developed meaningful relationships with others who serve your industry. These relationships help us identify financial and legal resources for you if, and when, they are needed.

Our Firm

As a provider of certified public accounting, consulting, advisory, and financial services, DS&B's expertise is unmatched. We provide clients with a unique blend of partner involvement, high-touch interaction and an intimate knowledge of their day-to-day business operations.

For more than half a century, DS&B has helped mid-market, closely held, professional service and individual clients meet their business and financial goals. We have the industry knowledge and strategic tools that businesses and individuals need to create, grow and preserve wealth.
